Hi, Jill

Thank you for your e-mail.

The Board is of the view that changes to the Constitution are better dealt with outside the Association's usual National Director election cycles. In this way: Members can be confident that the Board, as a whole, is behind the proposed reforms to the Constitution.

Regards

Geoff

Dear Geoff,

A question I have for tonights discussion is why the board considers it necessary to go to an SGM to approve these amendments rather than wait for the AGM?

Thanks
