- An understanding of the needs of LGBTQI young people
- How to implement gender inclusive policy and practice in different organizations
- Policies & procedures that best support the gender affirmation (transition) of people
- Local knowledge and experience from South West Victoria

About the Presenter - Tracy Whitmore

Tracy is a social worker with extensive experience working in family violence, including a high security refuge, adolescent residential care, family and youth, and alcohol & other drug services.

For the past 8 years, Tracy has been working with the Gasp project at The City of Greater Geelong, which aims to ensure the strength and diversity of gay, lesbian, bisexual, transgender, gender diverse and questioning young people is valued, celebrated and affirmed. Tracy’s role includes training and capacity building for service providers for LGBTQ inclusive practice; individual counselling for same sex attracted & gender diverse young people; developing social support groups for young people, families & friends, and providing secondary consultations to professionals & service providers. She is a strong advocate for LGBTQ adolescents & young adults.

Tracy’s presentation style is relaxed, engaging, informative and inclusive.
