This half day workshop is designed to assist social workers, psychologists and counsellors to develop a better understanding of working with couples from an attachment framework.

This is relevant for social workers who work therapeutically with couples. The education material in the presentation is based on theoretical knowledge Attachment specialists and The Circle of Security.

Who should attend?

All workers who work therapeutically with couples.

Learning Outcomes:

At the completion of the workshop participants will have:

- A revised knowledge of attachment types and how these types present in adult relationships
- Examined how to use the Circle of Security graphic and core sensitivities with couples
- Explored how to use attachment based questions in couple work

Spaces on this course are strictly limited so register now to avoid disappointment.
