OTHER

Catering provided
6.5 CPD hours Category 2: Skills and Knowledge

Building on the success and lessons learned from last year's theme 'New and Emerging Areas in Mental Health Social Work' and featuring two great keynote speakers, three in-depth concurrent workshops, 'Ignite Sessions' and plenty of opportunity for networking at this fully catered event.

The 2018 Conference will be held on World Mental Health Day at the fabulous Woodward Centre. Presenters will address a diverse range of topics including: *Elder Abuse & Carer Impact; Reclaiming Lives from Sexual Violence; The Case Against Involuntary Mental Health Treatment; and Narrative Therapy/ Tree of Life*. The day will be practical and provide opportunity for robust discussion.

We aim to provide a stimulating range of activities for the day at an affordable price and a unique opportunity for all social workers working in mental health to have exposure to a range of practice issues and to collaborate, share and learn.

[Register early](#) to secure your place and your choice of workshop!
